

WHERE IMAGINATION & POSSIBILITIES MEET®

COMMERCIAL PAVER & WALL COLLECTION | VOLUME V

Bring your vision to life...

Keystone® Hardscapes has been shaping the hardscape environment since the 1980s as a leader in interlocking concrete pavers. Our innovative paving solutions have been specified and installed in some of the most prestigious commercial projects across the country.

Driven by rigorous in-house research and development, Keystone® Hardscapes pavers are engineered to perform under the demanding conditions of commercial environments. With an extensive selection of colors, finishes, shapes, and sizes, our pavers offer the design flexibility and structural performance required for both pedestrian and vehicular applications.

Structural retaining walls are the foundation of our legacy. Our wall products are a trusted choice for engineers, architects, and contractors worldwide, delivering proven solutions for commercial, municipal, industrial, transportation/DOT, and residential applications. Our sister brand, Keystone® Retaining Wall Systems, is on the leading edge of new product development and engineering support.

Beyond products, Keystone® Hardscapes provides industry-leading design tools and expert services to support every phase of your project—helping ensure efficiency, accuracy, and long-term success.

Locally made. Nationally trusted. Partner with Keystone® Hardscapes to bring strength, performance, and design excellence to your next commercial project.

keystonehardscapes.com

QUIKRETE and its subsidiaries (collectively QUIKRETE) reserve the right to improve its products and make changes to its specification and design without notice. The information contained herein has been compiled by QUIKRETE and to the best of its knowledge, accurately represents Keystone Hardscapes products and how they may be used in the applications which are illustrated. Site conditions, including load pressures acting on the wall, soil types and drainage conditions, may vary. Final determination of the suitability of the product for the use contemplated and the manner of product use are the sole responsibility of the user. Good construction practices and local building codes require the use of an engineered design when constructing retaining walls or freestanding walls in many conditions. Structural design and analysis should be provided by a qualified engineer.

SECTION ONE

PAVER

APPLICATIONS

Paver Finishes

Our pavers provide enduring beauty with unlimited design flexibility. The breadth of our portfolio is supported by our dedication to product quality, performance and customer service. Regardless of your space and application needs, our collection of pavers offers a wide variety of colors, patterns, sizes and textures to handle the project. Speak with your local Keystone Hardscapes representative to confirm options for your market.

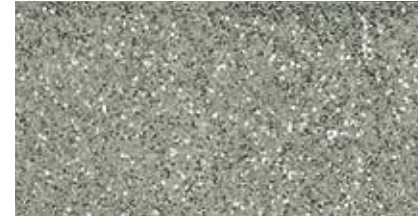

DURA DENZ®

Our premium face mix product that is colorfast with a dense, aggregate-free texture

DURA DENZ® SHOT BLAST

Shot Blast face mix adds another level of color contrast and surface texture

SHOT BLAST

Shot Blast process removes surface layer to create texture and reveal inner aggregates

SHELLSTONE

Blends oyster shells and coquina in a ground face texture

QUARTEX™

Exposed specialty aggregate face mix surface utilizes options of natural granite, quartz and obsidian

CLASSIC SPLIT

Classic Split line with textured, hard-split surface that offers the look of natural Old World Stone

CLEFTED

Chamferless edge with a slightly irregular and rippled appearance

SPLIT

Timeless appearance of natural granite

ANTIQUED

Worn and gracefully aged

EMBOSSED

Slightly rounded edges with softened surface undulation

STANDARD

Classic, thru mix surface

TUMBLED

Well-weathered charm

Finish availability varies by region.

SEE THE DIFFERENCE. FEEL THE DIFFERENCE. DESIGN TO BE DIFFERENT.

Dura Denz® is a game-changing advancement in face mix technology for segmental concrete paver products.

Powered by our state-of-the-art manufacturing process, Dura Denz® delivers a strong structural base coupled with a remarkably tight, aggregate-free surface. Engineered to resist chipping, scratching, and fading, Dura Denz® pavers are built to perform - and designed to impress.

The result is pavers that combine striking beauty with long-lasting durability, setting a new standard in hardscape performance.

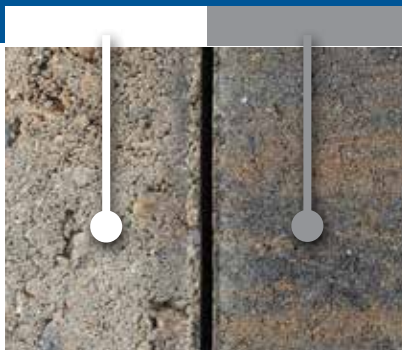

DURA DENZ®

COARSE

FINE

Standard thru mix pavers are coarse with visible aggregate on the paver surface. They are manufactured to exceed all ASTM standards for quality and strength.

Face Mix technology provides an exceptional paver with a strong aggregate base and a top layer that's colorfast and resilient to wear and tear. ASTM compliant.

EXTREMELY DURABLE

COLOR FADE RESISTANT

EXCEEDS ASTM STANDARDS

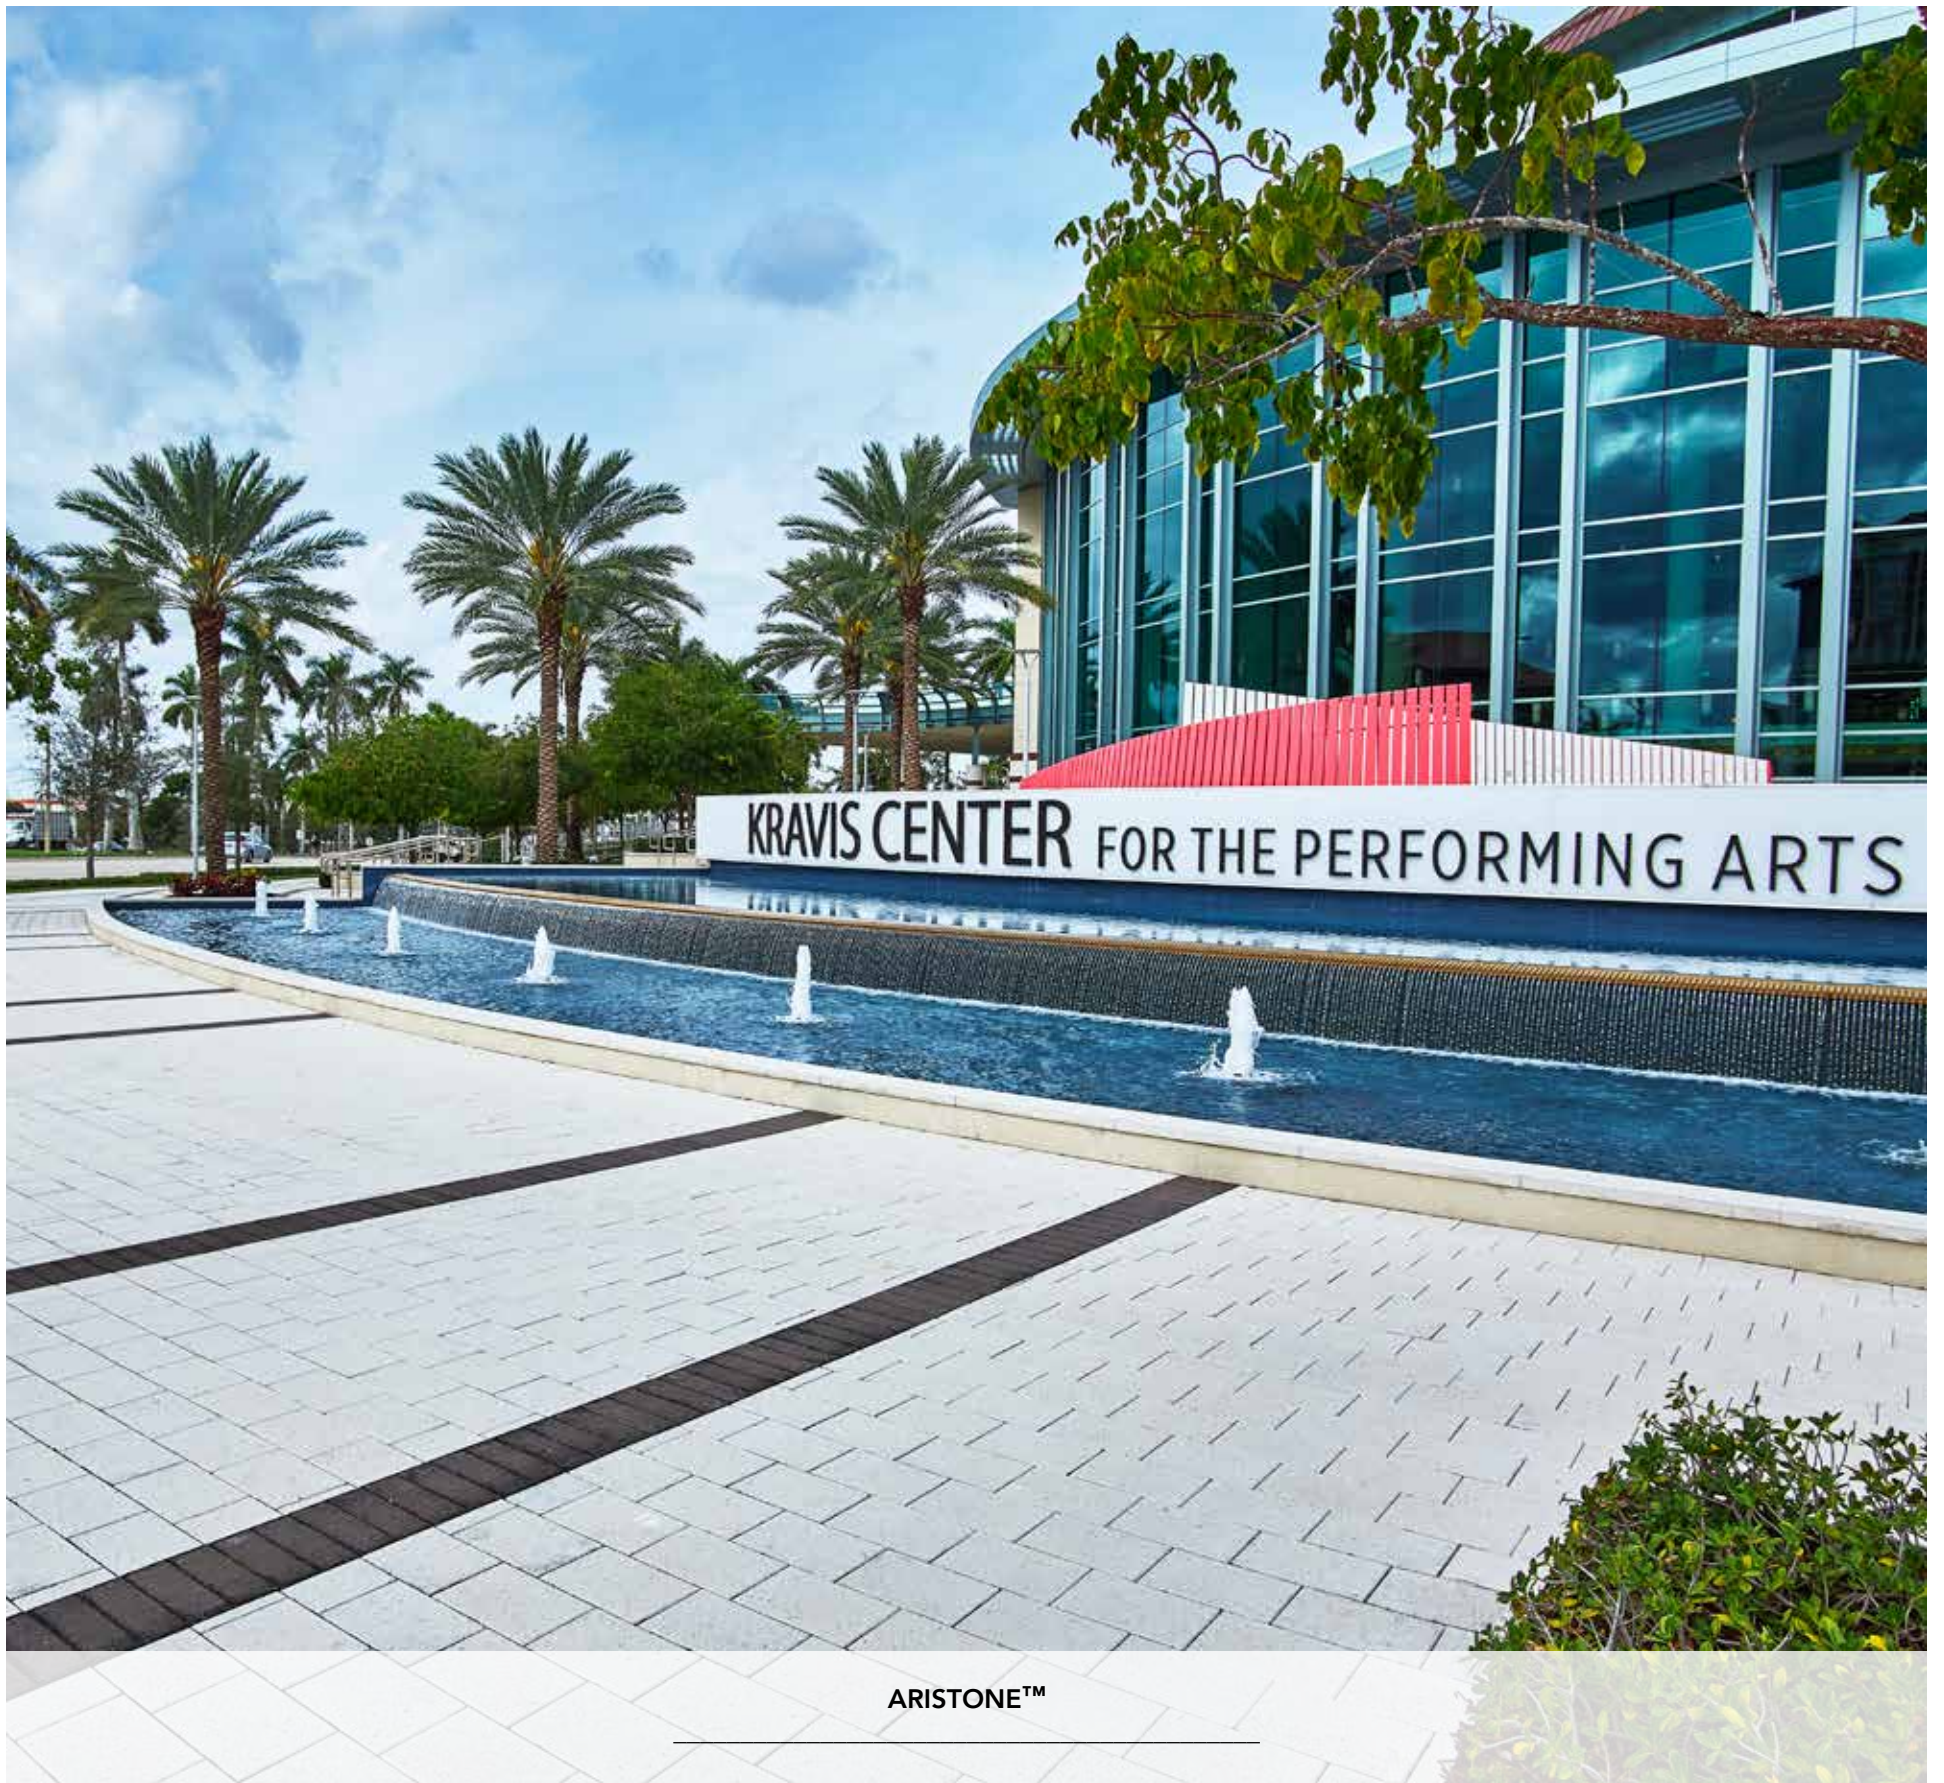

DENSE TOP-LAYER

SECTION THREE

WALL APPLICATIONS

Wall Finishes

Your walls set the tone for the entire project. Whether small decorative walls or large structural walls, you can tell a story with various surface options. Choose a look that fits your vision—sleek and modern with smooth, contemporary finishes, or classic and refined with beveled edges. For added character and timeless charm, tumbled products deliver a rich, old-world appeal that never goes out of style.

CONTEMPORARY / SMOOTH
Modern and sleek

HEWNSTONE
Replicates a historical form of masonry, giving it a distinctly rugged, textured appearance

MEDLEY
Scored unit mimics three-piece system with a single unit

NO SPLIT 3 WAY
Smooth face with a bevel at both sides

OLD WORLD / TUMBLED
Worn appearance with rounded edges

ROCKFACE
Split face with softly crunched edges to mimic quarried limestone

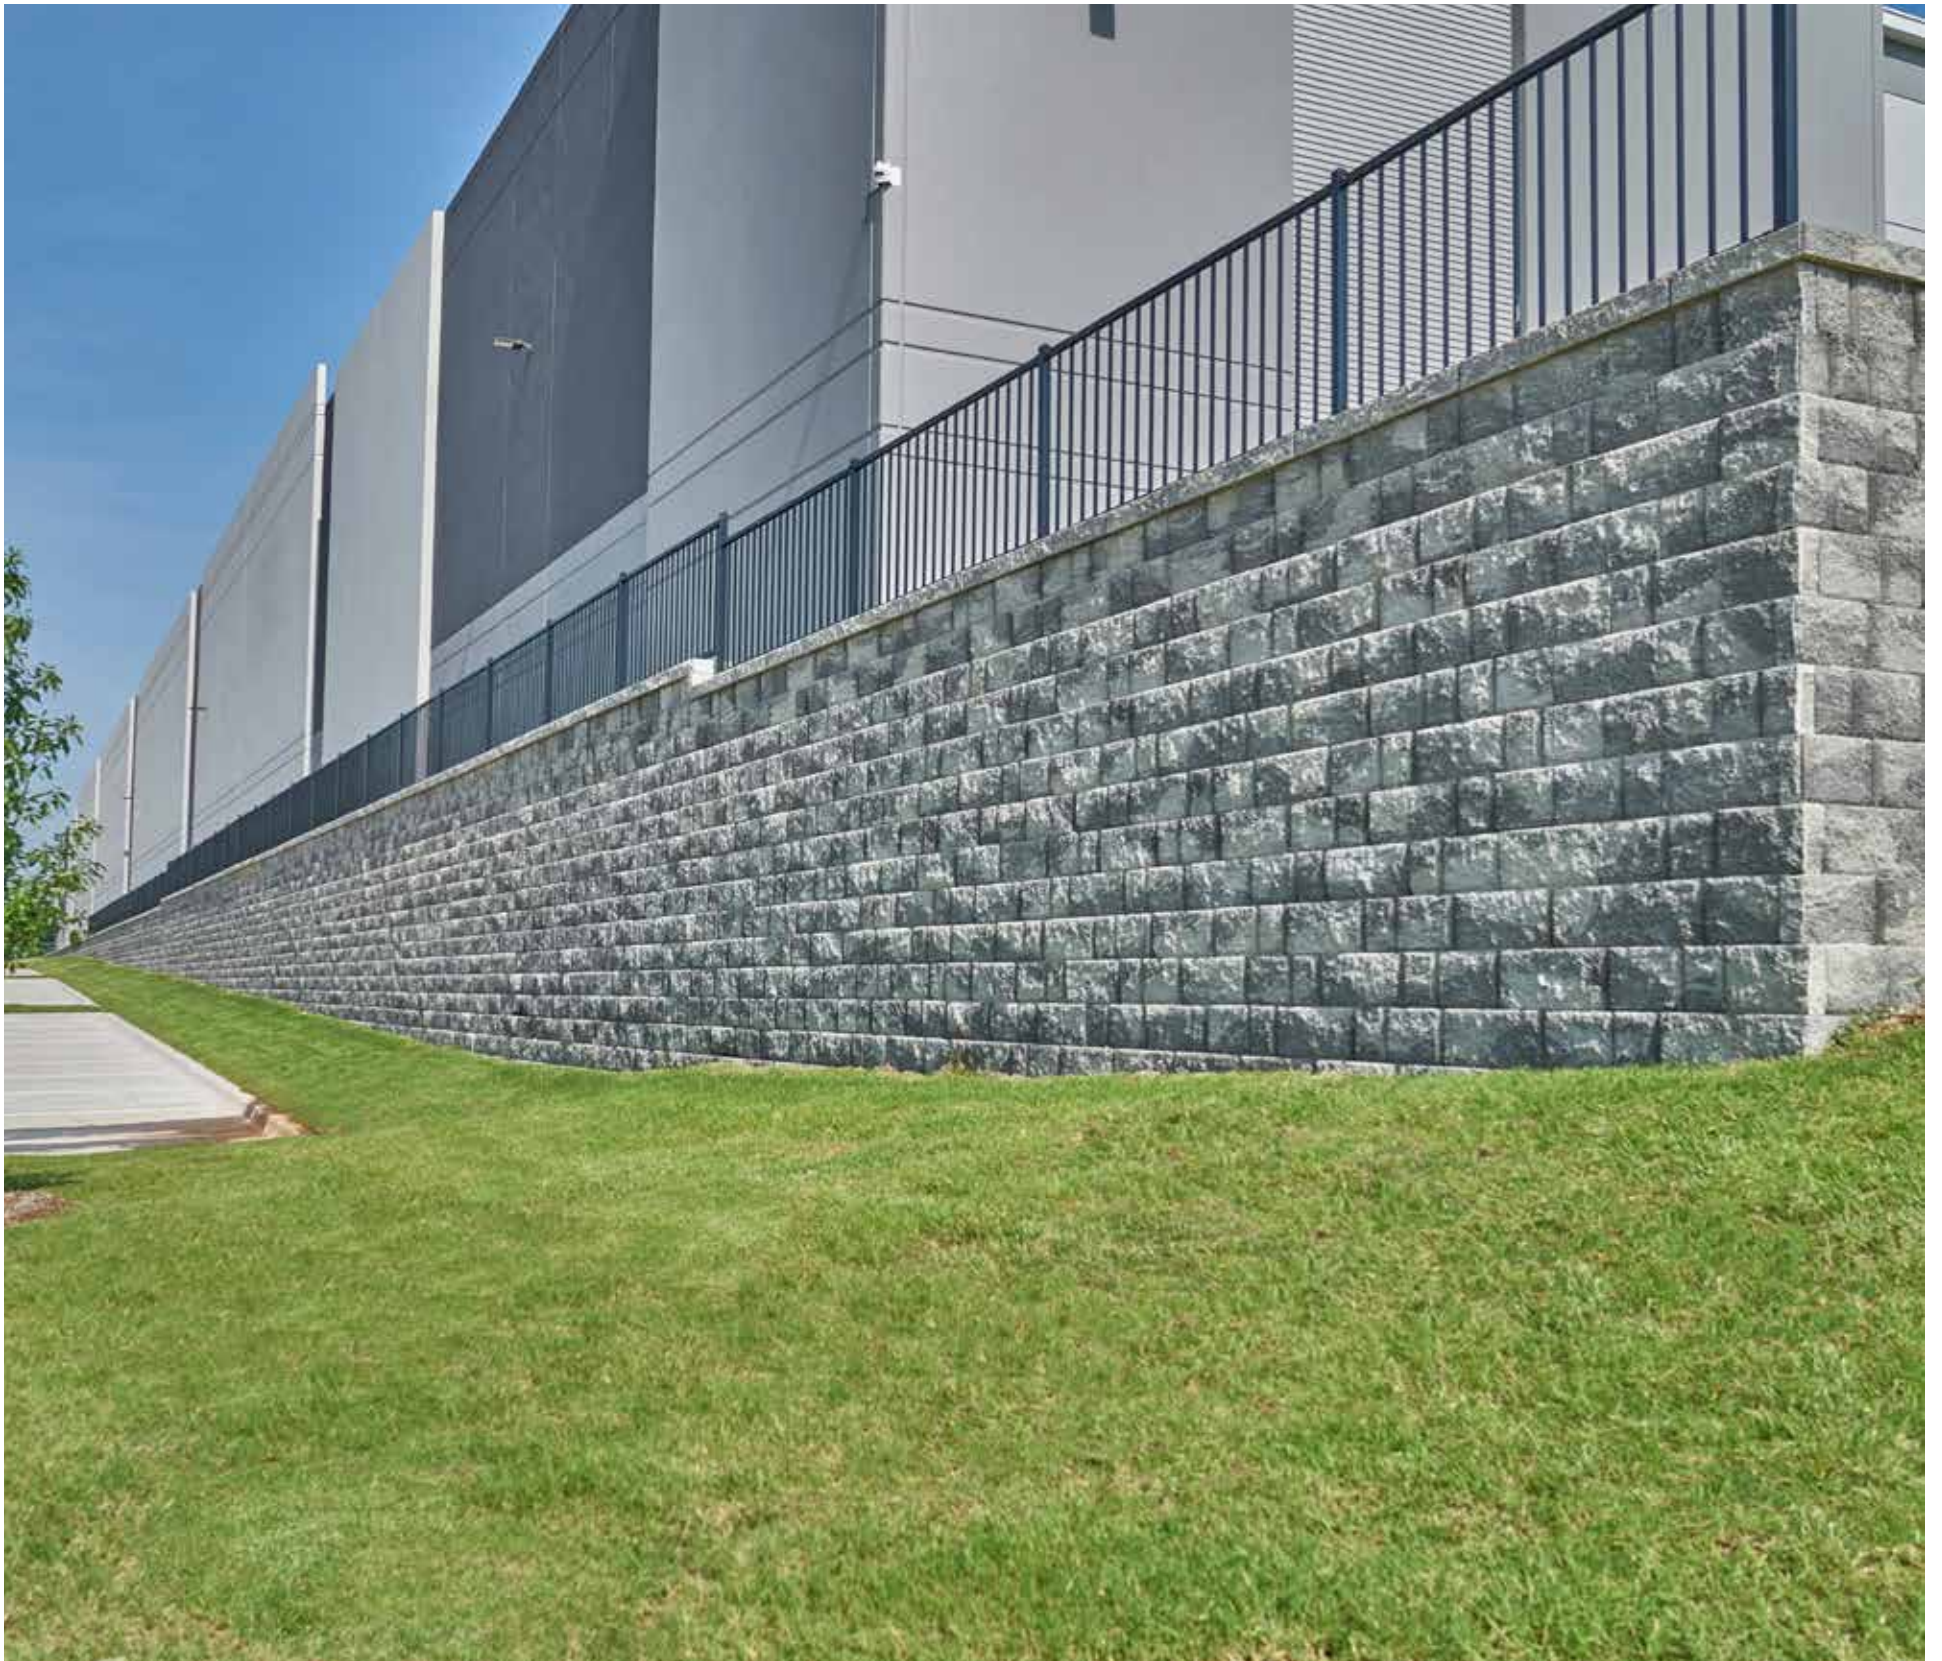

STRAIGHT FACE
Rough, split face texture

TRI-PLANE
Hard split across the face with bevel at both sides

Finish availability varies by region.
