FIND YOUR AUTHORIZED CONTRACTOR TODAY

Our goal is to provide you with quality paver & wall products for your project. We understand that it's a large investment. If you need help with finding the right contractor for your project, we can help.

Our goal is to recommend qualified, knowledgeable, authorized hardscape contractors. The hardscape contractors found on our Tremron Authorized Contractor list have shown a proven knowledge on the basics of paver and retaining wall construction and installation.

Each company listed has at least one individual on staff that has attended our training course and passed our Authorization Exam.

While we try our best to recommend qualified contractors for your project, Tremron does not guarantee the workmanship of the installer. Please ask your selected contractor for references and about any warranty or guarantees they might provide on workmanship.

FOLLOW THESE STEPS TO SELECT THE IDEAL CONTRACTOR TO BRING YOUR PROJECT TO LIFE.

STEP ONE

It's always a good idea to interview several contractors and find the best match for your project and personality. Make sure you have a good rapport with the person and communicate your wants and needs.

STEP TWO

Once you decide on the work you want to complete, confirm that the contractor has experience by asking for photos, references, or examples of other projects they have completed to make sure you feel confident with their quality of work.

Make sure to ask if they are an [Tremron Authorized Contractor](#).

STEP THREE

Once you award the project to a specific contractor, obtain a written contract of the work to be performed. Make sure you understand the scope of your project and if changes could result in additional costs.

STEP FOUR

Once your project is complete, we would love to see the finished product! Photos can be submitted to photos@tremron.com. Photos may be used in social media or future catalog publications.

Utilize our network of authorized contractors and dealers to build your happy place

Simply scan the code to connect with a contractor in your area

WHY CHOOSE TREMRON?

AMERICAN OWNED AND MADE

Choosing Tremron is an investment in quality, durability and reliability. All Tremron products are proudly manufactured in the USA, meaning they adhere to rigorous production standards and are made with premium materials that ensure long-lasting performance. For those who value local production and dependable quality, Tremron is a clear choice.

UNRIVALED QUALITY

Tremron offers expert guidance at every step of the project. With years of experience in the industry, the company has cultivated a team of specialists who are not only knowledgeable but also deeply committed to helping clients achieve their design and installation goals. Tremron's experts provide advice and tailored solutions, ensuring every project meets the highest standards of design and functionality.

EXPERIENCED PROFESSIONAL ADVICE

Tremron is synonymous with quality. Our products are designed to withstand the elements and heavy use, from pavers and retaining walls to outdoor living accessories. Each product undergoes stringent testing for strength and durability, ensuring that your investment will remain beautiful and functional for years to come.
